

Town Hall Information

Telephone Town Hall :

The telephone town hall on September 1st, 2009 was a great success. We had over **six thousand people**

join the call, and express their opinions on health care. I want to thank my constituents for their impassioned comments, and questions. Our nation faces many obstacles, but with all of us working together—I am sure that we will continue to meet the challenges ahead of us.

Live Town Halls:

I want to thank all of the people who came out and participated in my two town halls on Sunday September 13th, 2009. I thoroughly enjoyed taking your questions, and having a good discussion about healthcare. Pictures from my townhalls can be found on my Flickr [account](#) [here](#) and

video can be found on [my YouTube account](#)
